

SPECIAL PURCHASE PROGRAM FOR 10-8 FORUM MEMBERS

Crimson Trace and 10-8 Consulting are excited to offer a special purchase program for 10-8 Forums.com registered members. We have partnered to bring this program to 10-8 Forums members in order to take advantage of the industry's most functional and advanced laser technology at a significantly reduced price.

Crimson Trace understands that the 10-8 Forums.com membership list consists of the pinnacle of the tactical training and shooting community, and are extending their generous support of 10-8 Forums.com through this program.

10-8 Consulting is excited about partnering with Crimson Trace, and we believe Lasergrip technology offers significant advantages to the shooter in the law enforcement, military, or civilian environment. In addition, Lasergrip technology provides an invaluable training aid, for such techniques as sight picture, trigger control, follow through, shooting from awkward positions and shooting on the move.

"I was never a fan of lasers on pistols. Now I see the laser is a valid tool for training, and offers the operator options when they are needed most."

Pat Rogers
USMC (Ret.), NYPD (Ret.)
10-8 Consulting Staff Instructor

Crimson  Trace

L A S E R G R I P S[®]
Immediate Decisive Advantage[™]

"CTC Products give you options that you don't otherwise have in using firearms in a defensive or tactical situation. I highly recommend you take a look at them and see for yourself"

Rob Haught
IDPA Champion and Law Enforcement Trainer
10-8 Consulting Staff Instructor

Many models available - see next page for details!
